\$35 (\$45 after Oct 23) for other clinicians.

# PLEASE POST

## About John R. Bach, MD

Dr. Bach, author of 8 books and more than 200 peer-reviewed articles, is a professor of Physical Medicine and Rehabilitation and a professor of Neurosciences at the UMDNJ-New Jersey Medical School. He is also director of the Center for Noninvasive Ventilation Alternatives, co-director of the Jerry Lewis Muscular Dystrophy Association Clinic (Newark, NJ), and an internationally known pioneer and advocate of noninvasive ventilation (NIV).

## About The Conference

This conference is open to both ventilator users and their families, and to respiratory therapists (earn up to 7 CEUs) and other healthcare professionals interested in the benefits, equipment, and procedures of noninvasive ventilation (NIV).

People with post-polio, ALS, SMA, Duchenne and other neuromuscular diseases who do not yet need to use a ventilator are invited to learn about NIV, to view the equipment and masks involved, and to speak with others who are using noninvasive ventilation.

Because of its format, this conference provides a unique opportunity for clients and healthcare professionals to interact and discuss the practical aspects of providing and using ventilatory assistance.

A limited number of individual respiratory assessments will be conducted, plus private conferences with Dr. Bach.

The laptop ventilators (LTV series) from Pulmonetic Systems, Inc., and the HT50 from Newport Medical Instruments will be exhibited along with Advanced Respiratory's The Vest, other NIV and health-related products and services.

## The Conference Will Be Held At

The Mission Valley Church of the Nazarene  
4750 Mission Gorge Place  
San Diego, CA 92120

The church is located in San Diego off Interstate 8 at the Mission Gorge/Fairmont exit. Turn right on Alvarado Canyon Rd (north side of freeway). The road curves to the left. Turn right on Mission Gorge Place and straight into the church parking lot.
